Good morning and welcome back to the final half term of the academic year. Time is just flying by at the moment and the diary is full! I do hope that you all had a good half term break.

This week, Year 6 have been busy undertaking Bikeability on the local roads. Thanks to everyone who has given way to the groups who've been out cycling. This course provides a really great basis for those moving on to secondary school in September.

We are busy planning for next year and I am busy organising staffing for September. I will write to you as soon as we have finalised all the plans. As always we are so lucky with the staff teams we have here at Pyrford who show dedication and commitment, as well as being so flexible with their time!

We had class photos taken this week on Wednesday so will get these out to you as soon as we receive them back from the photographer.

Behind the scenes here we are busy working on our budget for submission to the EFSA. This is proving exceptionally challenging, as it is for all schools who are facing the challenges of serious budget cuts. Our drive is always to provide the very best educational experience that we can for your children and we are uncompromising in our standards. Your support through the PTA though is very much needed and appreciated more than ever during this challenging financial climate. This week you should have received an email from the PTA who have a few remaining spaces at the upcoming Ball. Full details about the Family BBQ on Friday 6 July are included in this newsletter.

Next week we welcome our new parents to the school. I am sure many of you will remember the 'information overload' meeting! If you have any top tips as parents of the school, please do drop me an email so that I can share these nuggets of information. Transitioning into school is not just a big deal for children - many parents find it hard too.

Work hasn't stopped here for our pupils as we continue to plan, teach, monitor and assess through to the end of term. In fact, I am expecting external moderators in school this morning to spend the day moderating the writing books of pupils in Year 6 before final submission to the DfE of their data. Pupils in years 1, 3, 4 and 5 will undertake our termly assessment week which will then be reported to you in your child's report at the end of the year. Mrs Little and I are currently preparing ourselves for the mammoth job of reading and commenting on 512 reports once they have gone through all the quality assurance checks by teams at the school.

I hope you all have a good weekend and the sun manages to put in an appearance for you.

Best wishes,

Kathryn Krynicki
Headteacher

Staying Safe Online

Snapchat-Checklist

- What is Snapchat?
- How can I stay in control?
- Other ways to Interact?
- How do I block and delete?
- How do I report a problem?
- What else can I do on Snapchat?

Do the Check.

What is Snapchat?

Snapchat is a photo messaging app with a twist. Snapchatters can take photos, record videos, add text and drawings and send them to friends. These 'Snaps' aren't saved by default so it feels more like having an ordinary conversation. Once everyone has viewed a Snap, Snapchat's system is designed to automatically delete it from their servers. Opened Snaps typically cannot be retrieved from Snapchat's servers by anyone, for any reason. Upon registration 'Team Snapchat' will automatically send you a series of 'Snaps' to take you through the basics.

Age restrictions

Snapchat is not intended for children under the age of 13. Teens aged 13-17 should have permission from a parent or legal guardian to use the app.

A Snapchat account can be deleted by going to https://accounts.snapchat.com/accounts/delete_account and entering the child's user name and password. If Snapchat obtains knowledge that a user is under the age of 13 they will terminate the account.

Note: If you forget your password you can submit a password reset request to Snapchat at: https://accounts.snapchat.com/accounts/password_reset_request

Other ways to Interact?

Stories

'Stories' is a feature that lets you string Snaps together to create a narrative that lasts for 24 hours. Depending on your privacy settings, the photos and videos added to a Story can be viewed by all Snapchatters, just your friends, or a customized group.

Streaks

Snapchat streaks tell you how many consecutive days you have 'snapped' with someone, represented in an emoji next to their name and a number for example 🌶️300. The temptation is to keep the streak going, but this is only for your own satisfaction and not something you need to do to maintain friendships.

Snap Map

On the Snap Map you can view snaps submitted to stories from all over the world. Your location won't be visible on the map until you open it for the first! When you do, you will be prompted to choose who you want to share your location with.

How do I report a problem?

To report a Story - press and hold on it until a 🛑 button appears in the bottom left corner. Tap it and select the most relevant category for what you're reporting.

To report a Snap you've received - press and hold on that Snapchatter's name right after you view the Snap, then press and hold again to bring up their profile. Tap the 🛑 then tap report.

To report an account - Press and hold on that Snapchatter's name and tap the 🛑 then tap report.

Guide for parents and educators - To help young people understand how and when to report issues, and encourage them to be good to their friends and responsible members of the Snapchat community, Snapchat have created this guide which can be found in the safety centre: <https://www.snapchat.com/en-GB/safety>

Snapchat doesn't tolerate 'Snaps' that violate Snapchat's Community Guidelines: <https://support.snapchat.com/en-GB/ai/guidelines>

They may remove this type of content and suspend accounts that will be prohibited from using Snapchat in the future.

What else can I do on Snapchat?

Lenses, Filters and Stickers

Filters are a fun way to customize your snaps with overlays like the time or the weather. Geofilters are specific to locations and their unique designs will change from place-to-place, so they require your device's location services to be enabled. Remember, if you add a Geofilter to your Snap or Story, you're publicising your whereabouts to anyone you share it with. Lenses add real-time special effects and sounds to a Snap. Stickers are colorful images and cartoons that give users additional ways to express themselves.

Discover

Discover allows Snapchatters to explore channels from established publishers who curate their own content. The Discover screen also includes a selection of the day's Live Stories. Live Stories are a stream of Snaps submitted by Snapchatters at various locations and events around the world. Snapchatters who have their location services on at the same event location will be given the option to contribute Snaps to the Live Story. The end result is a Story told from a community perspective with lots of different points of view.

Chat

Snapchat also allows for chat. Like Snaps, chats are cleared when an recipient leaves the Chat screen. But in Chat, users have the option to save a message they'd like to keep. When you save a chat, your friend can see that you saved it, as indicated by a dark gray background behind the message.

Memories

Memories is a personal collection of the Snaps and Stories you save. Memories can be used to create new Stories and Snaps. Snapchatters can also choose to store certain Memories in the password-protected 'My Eyes Only' section.

How do I Block and Delete?

Blocking and Deleting friends

Blocking someone on Snapchat means they will be prevented from sending you Snaps, Chats or viewing your Stories. Deleting someone means they will no longer show up on your friends list, but your privacy settings determine whether or not they can still see your Snaps. To block or delete a contact:

- Tap the username you want to block or delete in your 'My Friends' page.
- Tap the gear icon that appears next to their name.
- Select 'Block' to prevent Snaps, Chats or from them viewing your Stories.
- Select 'Remove Friend' to remove them from your friends list.

- To block someone who isn't in your friends list, just swipe on their name on the Chat screen to open a Chat with them. Then tap the button in the top left corner to access their profile, where you can block them.

To unblock a user:

- Tap the ghost at the top of the Camera screen. Then tap the gear icon and scroll down to 'Account Actions' and tap 'Blocked'. You should see a list of Snapchatters who are currently blocked by you. Tap the X next to their name to unblock them.
- Depending on your privacy settings you may need to re-add each other as friends to send Snaps and Chats back and forth.

How can I stay in control?

Changing Your Privacy Settings

By default, only Snapchatters you add to your friends list can send you Snaps. If someone who isn't your friend tries to send you a Snap, you'll receive a notification that they added you, but will only receive the Snap when you add them to your friends list.

To change who can send you Snaps and see your stories:

- Tap ghost on the camera screen to access your profile, then tap the gear icon in the upper-right corner of the screen and scroll down to the 'Who Can' section

For Snaps: tap the 'Contact Me' option and choose either:

- 'Everyone' - This allows anyone to send you Snaps (even strangers).
- 'My Friends' - Only your friends are able to send you Snaps.

For Stories: tap the 'View My Story' option and choose either:

- 'Everyone' - This allows anyone to see your Stories (even strangers).
- 'My Friends' - Only your friends are able to see your Snaps.
- 'Custom' - This allows you to choose which friends can see your stories.

Note: To clear a conversation, tap ghost, then tap the gear in the top right hand corner and scroll down to find 'Clear Conversations'.

Click on the padlock and the dinosaur will be there to help you with your privacy settings.

Here you will see:

- Who can see my stuff?
- Who can contact me?
- How do I stop someone bothering me?

Note.

- Facebook's privacy settings help you control who can see your stuff on Facebook and how you connect with other people. To find out more, check out the NEW Privacy Basics here www.facebook.com/about/basics
- Consider the amount of information you want to share with different people. Do you want to share the same things with your work colleagues as your friends?

Who can see my stuff?

Consider only letting your "Friends" see everything.

Remember though when tagging is involved, you need to be mindful that often 'friends of friends' can also see who and what you tag. For up-to-date tagging info, visit: <http://on.fb.me/P0zwD0>.

1. Click the Privacy shortcut (top right)
2. Click Who can see my stuff
3. Under Who can see my future posts, select Friends from the drop down list.

Note: Check out what your timeline looks like to the public by using the View As... tool in your privacy shortcuts

Keep an eye on your timeline

4. Do you want other search engines to link to your Timeline?

Who can see your posts?

Facebook has in-line privacy controls so you can set your audience to: Private, Friends, Friends of Friends, Public, before you post a status update.

Note.

The Activity Log is only visible to you. This tool makes it easier for you to review your posts and make changes to the audience of past content.

How can I change the Ads I see?

Facebook's NEW Privacy Basics tool lets you take control of the ads you see by liking Pages, adding interests to your Timeline and clicking on ads you find useful or interesting. Whilst this won't change how many ads you see, it will help Facebook know more about what you like and the ads you see should be more relevant.

Changing your preferences

To understand why you're seeing a particular ad:

1. Click the Cross in the right hand corner of the ad (x)
2. Select 'About this Ad'

To hide ads that you don't want to see:

1. Click the Cross in the right hand corner of the ad (x)
2. Select 'I Don't Want To See This'

If you don't want to see any more ads from a certain advertiser. Select 'Hide all from advertiser'

4. Fill in the form that follows to help Facebook understand which ads you do and don't want to see

Notes.

- Managing your preferences is only possible in some areas on Facebook right now.
- Even after making changes, you might still see ads that seem related to things you removed. E.g. You may see an ad it's broadly targeted in a town or city.

You can find out more about Facebook Advertisers here: <http://on.fb.me/tjXBwn>

Facebook's Reporting Tools

Report abuse to Facebook

If you feel that you are being bullied on Facebook, you can report it on the site using the **Drop Down** in the corner of any post. Use the **Social Reporting** feature to get help from a parent, teacher or trusted friend without reporting the bully directly.

Note. The Social Reporting tool can be really useful if a friend posts something like an embarrassing photo which may not break Facebook's rules. To learn more about Social Reporting go to www.facebook.com/report

Remember to take evidence and block abusive users by choosing the **Block** option by clicking the cog icon on the front of their **Timeline**. Blocking someone means they will no longer be able to contact you on Facebook.

You can track progress of your reports using the **Support Dashboard**, which will also alert you when a decision has been made about your report. You can find this by clicking the **Drop Down** (top right) and selecting **Settings, Support Dashboard**. If content isn't removed, the reporter will be told why. More information on the **Support Dashboard** can be found here: <http://on.fb.me/1Rcv7q>.

Note. Reporting features are the same across all devices.

How do I deactivate my account?

How do I deactivate my Facebook account?

If you deactivate your Facebook account, your timeline will not be erased, but temporarily suspended. No one will be able to find your account and it will no longer appear in Friends lists.

1. Click the **Drop Down**
2. **Settings**.
3. **Security** (left hand side of page).
4. **Deactivate your account**.

All data and information in the account will be kept and can be reactivated at any time.

How do I permanently delete my Facebook account?

1. Click the **Drop Down**
2. **Help**.
3. Type **How do I permanently delete my account?** and follow the link to **Submit your request here**.

Warning! Your Facebook account will become **deactivated** for 14 days and will be deleted if you do not use it in that time.

Teenage user updates

It is important that teenagers using Facebook use their real date of birth.

- New users aged 13 - 18 will have a default privacy setting for sharing content with 'Friends' only.
- You can choose to make your posts **Public** but this will mean that anyone, including people you don't know, will be able to see them. As such, think carefully before you post anything publicly. Would you be happy for the following groups to see your posts:
 - Your parents
 - Your boyfriend or girlfriend
 - Your teachers
 - A potential future employer

You can review who you are sharing content with after posting but remember, if your post was public, someone else may already have shared it.

If you want to ignore all App invites from a specific person:

1. Click the **Drop Down** (top right) and select **Settings**.
2. Click **Blocking** in the left menu.
3. In the **Block app invites** section, enter the name or email address of the person you want to stop receiving app invites from.

Do you know how to share with a select group of your followers?

Instagram Direct lets you send a photo or video to a select group of people. Posts won't appear in Feed, search or your profile. Take a new photo/video or upload one from your camera roll.

Add optional effects, filters and a caption.

Tap **Direct**. You'll see some features appear in green when you're using Instagram Direct.

Tap the names of people you want to send the post to (up to 15 people).

Tap **Send**.

Do you know how to block someone?

When you block someone, they can't see your profile or posts. To block or unblock someone:

2. Click your username in the top right and then select **Edit Profile**
3. Click **I'd like to delete my account** in the bottom right

1. Tap **⋮** (iPhone & Windows Phone) or **⋮** (Android) below the post
2. Tap **Report Inappropriate**
3. Select why you're reporting the post

If you want to report someone that is impersonating you or someone you know, you can do that right from the Instagram app.

1. Go to their profile by finding them in your followers list or by searching for their name or username.
2. Tap their username to open their profile and then tap **⋮** (iOS) and **⋮** (Android).
3. Tap **Report Inappropriate**.
4. Select "I believe this account violates Instagram's community guidelines" to report an account.

Do you know who your followers are?

If you have a public account, anyone can follow you and see your posts. If you have a private account, you have to approve every request to follow you and people will only be able to see your photos or videos if you approve them as a follower. Every so often, it's helpful to take a look at your followers and do a spring cleaning of sorts. If you'd like to remove someone that is following you, you can block them, as described on the next page.

Do you know if your account is private or public?

Instagram has a simple privacy setting: you either share your posts with anyone (a public account) or only share with people whom you have approved to follow you (a private account). We encourage people to think before they share, whether they have a private or public account.

Twitter-Checklist

- What is Twitter?
- How Do I Protect My Privacy?
- Who Can Follow Me?
- How To Report Something?
- Unfollow or Delete Content?
- How do you deactivate my account?

Do the Check.

What Is Twitter?

Twitter is a social networking site with over 288 million users!

The big appeal with Twitter is how rapid and quick the tweets come in, meaning there is nearly always something new to read: you can track hundreds of interesting tweeters, and read their content with a glance, even celebrities and public figures.

One of the big differences from the other major social networking sites is, you only have 140 characters to use per tweet, this means you have to choose your words very carefully, or just tweet and tweet and tweet... It also promotes focused and clever use of language making tweets interesting and easy to read, as well as challenging to write.

Twitter is a popular public platform used by many to express themselves, share stories, pictures and articles on the net. It can be a place people can find support, friends, jokes and much more.

Unfortunately like anything, it is not always used for good and that's why we have devised this checklist to help you stay safe!

Who Can Follow Me?

My Followers

If you have chosen to 'Protect your tweets' you will receive a notification when someone has requested to follow you. This allows you to choose whether to 'accept' or 'decline' their follow.

If you have chosen not to protect your tweets, anyone can follow you (unless you have previously blocked them) and you will receive a notification informing that they have started following you.

Who am I Following?

If you are looking to follow a celebrity you like, Twitter has made it easy for you. Twitter verifies celebrities, famous people and public figures. This is displayed with a blue checkmark next to their Twitter handle. Twitter allows parody and fan accounts so this helps you identify the real deal quickly and easily.

You can follow whoever you like, and Twitter will also make suggestions on who they think you might like to follow.

Unfollow or Delete Content?

Unfollowing

If you no longer wish to follow someone you can unfollow them by going to their Twitter profile, click the 'Following' button and you will automatically 'unfollow'. If you still want to follow someone but don't want to see their tweets; click the gear icon on their profile and select 'Mute' you can 'un-mute' at any time.

If you don't think unfollowing them is enough you can also 'Block a user'. Click the gear icon on their page and select 'Block'. This means that the user will no longer be able to follow or message you.

It's good practice to occasionally look through your followers and have a spring clean. If you no longer know someone or don't want them seeing your tweets, then it's good to remove them - it's easy to forget who's following you.

Deleting Content

If you would like to delete a post you created, all you need to do is click on the '...' next to the favourite star icon on the post and click delete. This works for any tweet or re-tweet. If you have 'Favorited' something but didn't want to, you just have to click the '...' again to un-favourite.

Deactivate my account?

Deactivating Your Account

Before you deactivate your account you should know; Twitter keeps your data for 30 days, after which it will be permanently deleted. You can re-activate your account in this 30 day period just by logging in. If you want to have a Twitter account after 30 days of de-activating your account you will have to start from scratch.

To deactivate your account:

- Log in to Twitter
- Click on your small profile picture (top corner) and select 'Settings'
- Scroll down to the bottom of the page and click 'Deactivate account'
- Read the account deactivation information
- Select 'Okay, fine, deactivate account'
- Enter your password for the account when prompted and verify that you want to deactivate your account.

Report Something?

Reporting

If someone has posted something that you don't think should be on Twitter (please read the Twitter rules) but you don't want to report the person who posted it, follow these steps:

- Click on the '...' next to the favourite star icon (on the Tweet)
- Select 'Report' from the drop down menu
- Choose what type of report and follow the steps provided

If you don't want to see the post on your timeline but don't think it warrants a report, you can use the 'Mute' option to hide the post.

If you want to report a Twitter user you need to:

- Go to their profile and click on the '...' next to the 'Follow' button.
- Click 'Report', and then select what type of report you would like to make.

If you are reporting something or someone for being violent or threatening, you will receive an email from Twitter confirming your report, making it easier and clearer for law enforcement, should you wish to make it a police matter. You don't have to be following someone to report them or their tweet.

Protect My Privacy?

Privacy

When you set up a Twitter account it is automatically set to 'Public', this means that anyone can see your Tweets, even if they don't follow you; even if they don't have a Twitter account. You can 'Protect' your tweets, which means anyone who doesn't follow you would need to, in order to see your tweets.

To check if your account is public or private take these steps:

- Login to Twitter
- Click on your small profile pic next to the search bar
- Click on 'Settings' and choose 'Security and Privacy' in the left menu
- Scroll down to the 'Privacy' section; if you want to be private tick 'protect my tweets', if you want your account to be public, make sure it is unticked

In this section you can also choose who you want to be able to tag you in photos.

Who Can See My Tweets?

If you have chosen to protect your tweets, only the people that follow you can see them. If you have chosen not to, anyone can view your tweets, unless you have blocked them.
