The crucifixion

When he died the ground shook  
beneath their feet.  
The sky went dark and the  
curtain in the temple split open.  
He surprisingly rose from the dead.  
He touched Peter's ear and it healed.  
When he was on the cross he said  
"Spare them Father."  
The curtains ripped wide open in the  
temple.

Harrison Trainer-Clark

Esme

Which piece of evidence do  
you feel is the most  
important? Why?  
When he died the ground  
shook beneath their feet.  
Because it's a random  
person dies the ground  
went into shock.

Emily Colvin

In the park I can see a little garden, her back.  
I can see some pigs of leaves. The trees are very green.  
I can see a little girl feeding the ducks. I can see  
a little girl playing badminton with her friends.  
There is a little girl looking up at the sky.  
Some children are having a picnic with some apples  
and leers.

Good morning and welcome to the end of the first half term of the academic year. In many ways time has flown by, but this week has really felt a crawl for children and staff in school. We can always tell when it is getting near to school holidays. I think everyone deserves congratulating on a return to school which has in the main been less disrupted than the last 18 months or so. It has been good to have all the children in school learning together and to have less restrictions in place. I won't deny it has at times been challenging and I'm personally looking forward to my first weekend off from schoolwork this half term, as I know many of my colleagues are too. I know that once we have had a break and time to refill those energy buckets, we will be ready to hit the ground running again in November.

School will be busy over the half term when we are expecting various work to be undertaken to the school building and IT infrastructure. Over the coming weeks we will also see tarmac being replaced and a new hall floor being laid. We are hoping for good weather so that essential roof repairs can take place. Thank you to Mrs McAllister and Mr Evans for overseeing this work.

Many thanks to those of you who completed our reading questionnaire which Mrs Goree sent out. We are working on providing information and workshops so that parents can understand exactly how we teach and support reading. We are having a real drive on the teaching of early reading including the systematic use of synthetic phonics in school. This will mean that your children are bringing home different books to read with you. The traditional book banding has ceased as the DfE seeks to drive a different methodology of teaching reading, supported by strong evidence-based research. Again, please don't worry about this, we will explain in due course! I don't want to overload you with constant emails and communication; I am aware that some parents feel that they are bombarded with information whilst others would like more. It is hard getting the balance right, but we are trying. With regards to our phonics and reading, we would like to praise the PTA who have very kindly donated the funding for all of our reading resources. Thanks to parents who help raise this money, every child in the school will benefit from our reading drive and resource spend. We shall also send pictures of how this looks in classrooms and library areas so you can see for yourselves.

Apologies once again for the disruption this week, particularly to year 4. Additional measures had to be put in place due to the Covid cluster outbreak. The children have been amazing, so adaptable! To those who have been unwell at home, you will be pleased to hear you haven't missed out! Surrey Arts are hoping to restart brass shortly after half term once they have reviewed their own risk assessment and guidance. We have reorganised the Anglo Saxon workshop to Friday 19th November. Let's hope that the half term provides a short circuit breaker for us all.

Just a reminder that we have INSET day on Monday 1st November so school will open to pupils on Tuesday 2nd November. School staff groups have a full and varied training programme which we are undertaking including paediatric first aid (12 hour course), various curriculum focus training sessions, safeguarding and incident recording, and Google classroom usage (which we will roll out to all pupils over the coming months and years as we become a Google Chrome school).

I almost forgot the excitement of last Friday, when our Year 6 football team took part in their first football tournament and were the cup winners! The team played exceptionally well and were thrilled to win. They were a real credit to the school, and I was so pleased to hear what great sportsmanship they showed. They were praised for their fantastic playing as well as behaviour by organisers. It was testament to the team when they all wanted to travel back on the team bus together leaving parents with empty cars! Well done!

I have been really delighted generally with children in the school recently and their manners. Again children in Year 6 were highly praised by the Bikeability staff who made

a concerted effort to speak with me about how well behaved and polite the children were. This shows how school and home work together on our shared values. Thank you!

Finally, please keep an eye out for an email with details of how to book a parent's appointment with your child's class teacher. We have taken the decision to keep this online for this meeting as we didn't want to have to cancel everyone at the last minute if Covid measures were still in place. When we surveyed parents last term, this was one of the things that was equally balanced between those of you who preferred meeting in person to attending online. We hope to try and move towards a hybrid model which would then suit everyone.

I do hope you have a good half term break; the children and staff have worked incredibly hard and deserve a little respite ready for our busy Autumn 2.

Best wishes.

## PARENTS' MEETINGS

The appointments will go live on School Cloud from 5pm today  
You will be emailed with details of times etc

Returning  
to teaching

Teaching

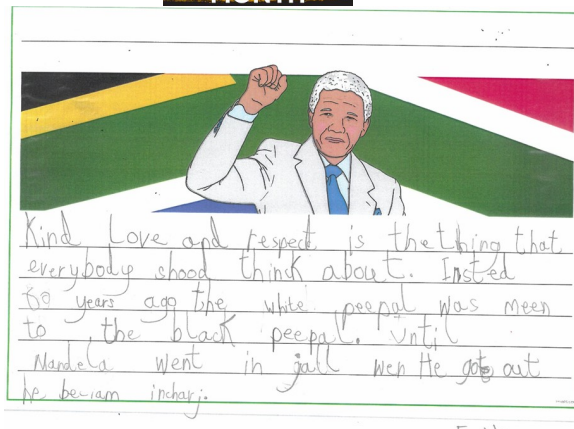

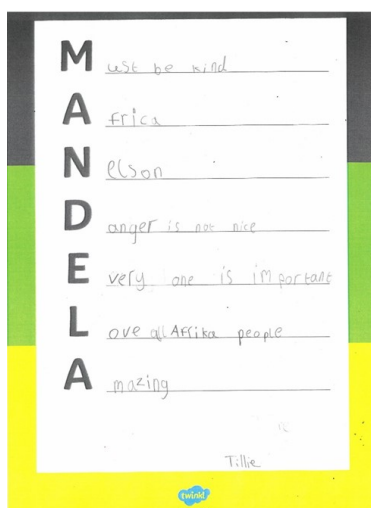

### Former teachers - are you considering a return to teaching?

The Dfe are keen to help and support teachers wishing to return. Their [return to teaching](#) webpage offers a range of useful online resources, including [online events](#) specifically for returning teachers, [inspirational blogs](#) about journeys back into the classroom, [frequently asked questions](#) and [top tips](#) to help bring back valuable experience to the classroom.

If you're unsure about a full return, there is the opportunity to engage with the [National Tutoring Programme](#) to provide tutoring or mentoring to help disadvantaged pupils - there might be opportunities here at Pyrford in due course.

If you hold [qualified teacher status](#) and want to teach maths, physics or modern foreign languages, you could gain one-to-one support from a [return to teaching adviser](#).

You could also consider setting up job alerts through the department's [Teaching Vacancies](#) job-listing service where they can search for roles in specific areas, filter results by job role, education phase and working pattern.

Last Friday our Year 6 boys' football team played in the Danone Tournament in Old Woking. This was our first tournament since the beginning of the pandemic. The boys played absolutely brilliantly! We drew our first match against Horsell 0-0. We then won the next three matches against The Marist, Goldsworth and Hermitage - all the matches were 2-0. These amazing results took us to the semi-finals against Brookwood - we won this match 2-0. We faced Pirbright in the final and we won 2-0!!!!

As a result of winning this tournament, we will now play in the County Finals in February. Each boy played superbly. There was wonderful team spirit throughout, with everyone being very supportive of each other. It was wonderful to witness not only the amazing football but the great camaraderie between the boys.

As massive well done to Henry, Charlie, Jack, James, Jack, Louis, Ben, Louie and William. You have made us very proud.

Mrs Cockle

# GOLDEN BOOK

## CONGRATULATIONS TO OUR GOLDEN BOOK WINNERS THIS WEEK

<p><b>N SQUIRRELS</b> Molly Clough. We read Handa's Surprise and looked at the fruits from the story. Molly had a go at drawing the fruits with the pastels. She looked carefully at the fruits and their shapes and drew a passionfruit.</p>	<p><b>3 ELM</b> Edward Allen. Edward has been working really hard this week and has shown a really positive attitude towards his learning. He has been really proud of all he has achieved and so he should be. We believe in you Edward and now you are believing in yourself, I know you will continue to achieve. Well done Edward!</p>
<p><b>R BEECH</b> Elliot Pribyl. We made harvest prayers and thought about food we were thankful for. Elliot spent a long time drawing his pumpkin and colouring it in. Great perseverance and concentration Elliot!</p>	<p><b>3 MAPLE</b> Henry Lardner for working really hard in class. We are really impressed with the effort he is putting into his work. In science he has enjoyed using torches to find out how shadows are formed. Keep up the good work Henry.</p>
<p><b>R HAZEL</b> Elliott Lawes for using his phonics to make clever words. He always joins in with the actions when we're learning new sounds and has been trying really hard with his writing.</p>	<p><b>4 ALDER</b> Harrison Trainer-Clark. During our RE lesson we thought about the evidence that Jesus is the Son of God. Harrison thought very carefully about Jesus and the amazing events that took place. He also presented his work beautifully.</p>
<p><b>1 OAK</b> Emily Colvin. Emily looked really carefully at the Autumn picture and has written some super sentences all about it. She tried really hard to make her handwriting as neat as possible. It is Emily's last week at Pyrford and we will miss her very much. She has worked so incredibly hard in Oak Class and should be very proud of herself!</p>	<p><b>4 LARCH</b> Eleanor Currid for a wonderful painting depicting Jesus' crucifixion. You showed an excellent understanding of how this Bible story shows that Jesus is the son of God. Well done Eleanor.</p>
<p><b>1 PINE</b> Matilda Clements. We have been learning about Autumn and recognising the signs of Autumn. Matilda was able to explain clearly why the leaves change colour and then chose to go outside and hunted for the signs of Autumn. Matilda was showing other children what she had found. Brilliant exploring Matilda.</p>	<p><b>5 ROWAN</b> Gus Ellender, Leo Anderson, Ray Jessop and Grace Freeman. In Geography last week we researched the tropics on the computers and presented what we had found in our topic books. I was so impressed that I have had to choose four people for Golden Book as I could not decide between you! Well done!</p>
<p><b>2 CEDAR</b> Jessica Hill for working hard to use correct punctuation and the word 'because' in her answers to the questions we discussed about our book 'Moth'. Jessica's work is always neatly presented and she takes care with whatever she is doing. Great work Jessica!</p>	<p><b>5 WILLOW</b> Sam Darling for his fantastic fact file that he has created all about the tropics of Capricorn and Cancer in Geography. Sam has worked incredibly hard to include lots of interesting facts that he has learned from his own research. I have been very impressed to see how well Sam has organised his work through the use of his sub headings and a diagram. Well done Sam!</p>
<p><b>2 HAWTHORN</b> Stanley Gallagher for doing brilliantly with all his work in Year 2. This week showed fantastic understanding of our book about the peppered moth. His answers were clearly written and well presented with good punctuation. Well done Stanley!</p>	<p><b>YEAR 6</b> Our Year 6 Pyrford Primary Football Team! What a fantastic result from Friday's Football Tournament. Our boys did the school proud, playing as a strong team, supporting each other and each bringing their own strength to secure several wins and a draw. They then won the semi-final and the final. Winning this tournament means they will be invited to take part in the County Finals in February. Congratulations to: Henry Hope, Charlie Lines, Ben Vieira, Louis Skilton, Will Burnett, James Krikorian, Jack Hannon, Louie Lorch and Jack Hannell.</p>
<p><b>2 SYCAMORE</b> Amelie Wood. Amelie is always writing! She has created a fantastic report about moths and written some interesting facts about Africa. She always listens carefully and works hard with her spelling. Her work is always beautifully presented, well done Amelie!</p>

## The tropics

There are 2 dissident tropics in the world, the tropic of cancer and the tropic of capricorn. The tropic of cancer is the most northerly position at which the sun can be directly overhead. To join to that, the tropic of capricorn is the most southerly latitude on the earth at which the sun can be directly overhead.

## More about the tropics.

The tropic of cancer is around  $23.4^{\circ}$  north of the equator and the tropic of capricorn is  $23.4^{\circ}$  South of the equator. The weather in the tropics are always hot with lots of rain. There are five different rainforests in the tropics. There are 4 tropical rainforests, dry forest, semi tropical wet and forest, East African rainforests.

Dry forests

You can find dry forests in Southern Mexico, Central Brazil,

In the Tropical rainforests they have form. You can find dry forests in  
of rain every month. They also amazingly. Southern Mexico, Central America  
have 15 million species of plants and animals. Forests of Ecuador and Peru  
You find the tropical rainforests in South America, Southeast Asia and India. Animals you  
Asia and Southeast Asia. The weather there is always can find there are monkeys,  
warm and always rain. SakannaS

Savannas are completely covered by grass. They have 900mm to 1,500mm of rain per year. Their dry season lasts up to 9 months. You will

find savannas in Africa, India, Asia and Australia. Animals that live there are Elephants, Emus, giraffes, zebras, wildboars, warthogs, pronghorns, bison, cheetahs, lions, leopards, meerkats, hippos, and wild dogs. Coniferous forests

You can find coniferous forests in North America, central America and eastern Asia. The trees that you can find in the coniferous forest are conifer trees, pine trees and Douglas firs. The precipitation levels there are low. It is very dark on the forest floor, because the trees tower over the floor.

What happened to the world?

Factories were built and the sky was all dark.

all the dark was on the trees it was

very where. The clouds were black. It was bad.

Which moths will survive?

The cat came north - because the trees are

the same color as the charcoal moths now

so the predators will get the ripened ones

*Jessica Hill*

Stanley Gallagher

What happened to the world?

The smoke went on the trees.

It curls the trees then the trunk  
turns back.

Which moths will survive?

The darker will survive because

they can camouflage. The lighter

## Extended Schools

### Clubs

Hopefully you will have now all received our newly updated club list and have noted the exciting additions to our portfolio!

#### **New for next term!**

#### **Wednesday 5/6 Girls & Boys Football**

Children are invited to join this club, come along and enjoy the simple pleasures of playing football after school. This club is open to both boys and girls of all abilities. There may be opportunities from participation in this club to represent your school football team.

Book your space via [c.cockle@pyrford.surrey.sch.uk](mailto:c.cockle@pyrford.surrey.sch.uk)

What are you waiting for?

#### **Wednesday 5/6 STEM Club**

#### **Science, Technology, Engineering, Mathematics**

In this club children can immerse themselves into a whole host of exciting experiments, activities and group challenges. The emphasis is on fun while learning through hands on activities and using the latest and greatest technology!

Come along and channel your inner Einstein!!

Book now via [www.nextthing.education/clubs](http://www.nextthing.education/clubs)

Don't worry if there is something on the list you would love to try we aim to run most of these clubs on a rotation system so that each year group (1 – 6) will have the opportunity to take part during the academic year.

Mrs Rashbrook, Extended Schools Manager

**Cookery Club** have really enjoyed mastering their cookery skills this term, I hope as parents you are benefitting from their new found skills! Here are some of their works of art this week, a very creative bunch. I think we might find sprinkles in the practical room for a long time yet though!

Booking is now open for next term, come along and join the fun.

A special Thank you to Lisa Scott and Kate Purton who volunteer their time to allow us to run this club!

### **Parenting Smart (Place2Be)**

The children's mental health charity, Place2Be, has launched a new website aimed at helping parents with typical situations they can find themselves in with their children.

Advice can be found on over forty topics including:

- Understanding sibling rivalry
- My child is lying, what does it mean, what should I do?
- My child has trouble going to sleep
- My child says 'I hate you!'
- Cultural identity: who am I?

The Parenting Smart website can be found here: <https://parentingsmart.place2be.org.uk/>

## Cut-price Panto Tickets at New Victoria Theatre, Woking

### **PANTOMIME – Weds 8th December 2021 – 7pm**

Packed with all of the traditional pantomime ingredients that regular attendees have come to expect, **Snow White and the Seven Dwarfs** will be spectacularly brought to life with an abundance of jaw-dropping dance, side-splitting comedy, sensational special effects and plenty of festive magic.

Friends of Pyrford Primary School has secured seats at great rates for this year's family panto, thanks to the New Victoria Theatre's special discount for PTAs. Every ticket bought through us will contribute at least £3 to our school fund. Please make your payment and complete the online form (link below). There are two price bands (both work out less than half price compared to buying direct) and ice cream vouchers too.
