

# Help your child with Maths in year 1

Quick recall of these facts supports learning in class. They are essential facts for fast and efficient mental arithmetic and support reasoning and problem solving.

<b>Stage 1</b>
Count to 10
Count to 20
Count backwards from 10 to 0
Count to 20 – starting from any number
Count backwards from 20 to 0
Know my addition pairs to 6
Know my doubles to double 5
know my halves to half of 10
Recognise the number on a spotty die
Use fingers to show numbers up to 10
Say the number that is 1 more (within numbers to 10)
Say the number that is 1 less (within numbers to 10)
Say the number that is 1 more (within numbers to 20)
Say the number that is 1 less (within numbers to 20)

<b>Stage 2</b>
Count to 50 – starting from any number.
Count to 100 – starting from any number
Count backwards within 50
Know my addition pairs to 10
Know my subtraction pairs to 10
Say the number that is 1 more (within numbers to 50)
Say the number that is 1 less (within numbers to 50)
Know my doubles to double 10
Know my halves to half of 20
Say how many 10s and 1s are in numbers to 50
Count in 2s (2, 4, 6 ...)
Count in 5s (5, 10, 15...)
Count in 10s (10, 20, 30...)
