

Geography

In Geography, we will be looking at our unit, Enough for Everyone, which includes types of settlement, where our power comes from and learning about renewable energy. We finish with investigating where our food comes from and find out about Fair Trade.

Science

In Science, we will be studying Healthy Lifestyles, and how to keep their own bodies healthy and how their bodies may be damaged – including how drugs and other substances can be harmful to the body. We will also explore scientific research about the relationship between diet, exercise, drugs, lifestyle and health.

English

This term, we are reading 'Kensuke's Kingdom' by Michael Morpurgo and using this as inspiration for our writing. Focussing on creative story writing, they will be telling the story of Michael meeting Kensuke for the first time on his island in the Pacific, after which they will be writing a Non-Chronological Report about the fauna of the island and writing details of their own unique creature.

PSHE

Being My Best

We will be identifying risk factors in a given situation and be able to explain the outcomes of risk-taking, including emotional risks.

Spring 2 2024 Year 6

Maths

Our learning in Maths will be learning algebra; ratio and proportion; fractions, decimals and percentages. We will also revise and build on their understanding of volume and the conversion of units, in addition to, reasoning and problem-solving questions

Computing

In this unit, we will explore how data is transferred over the internet, focussing on the makeup and structure of data packets. We will finally look at how the internet facilitates online communication and staying safe.

PE

Tag Rugby – playing as a team, passing, controlling the ball and intercepting.

Dance – we are creating a short dance based on West Side Story and performing it.

RE

In RE, the children will explore, what difference it makes to belong to God's Kingdom for Christians. When we will explore what difference the Holy Spirit makes, study the Lord's Prayer and explore beliefs about life after death.

DT

In Design Technology our unit is Food Technology and we will be studying world food and have an understanding of seasonality, and know where and how a variety of ingredients are grown, reared, caught and processed. We will also be investigating how spices and herbs are used in world food.

Music

This Japanese inspired topic looks at the springtime festival of Hanami. Children will use descriptive vocabulary to create a Haiku and put it to music.

Spanish

The children will learn how to tell the time and talk about their daily routines; describe the weather.
